

Brewer

Bench Brewing Company produces wild and farmhouse ales in Beamsville, Ontario. Located in the Niagara fruit belt, we look to create expressive beers with a sense of time and place. At Bench, we believe that great things come from great places – and great people. We are looking for a brewer to join our team of innovative, avid beer-lovers to help us reach our goal of being stewards of the Twenty Valley.

What You'll Do

- Operate brewing equipment efficiently, accurately, and safely to produce quality beer according to recipe and SOP.
- Work flexible shifts in a 24-hour schedule.
- Work towards lowering wastewater-to-beer ratio by continually developing best practices
- Utilize a 5S approach to organizing and maintaining a clean and efficient workspace
- Forklift and scissor-lift operation (training provided)
- Maintain malt, hop, and yeast ingredients in best conditions
- Represent the brand at taproom and outside events

Operational Tasks

As a Brewer, you will be required to execute operational tasks using the appropriate equipment for brewhouse, cellar, and packaging operations.

- *Brewhouse operations, including:*
 - Grain mill, mash-in, lauter, grain out, boil kettle, whirlpool, knock-out to fermenter/hopback/coolship, and CIP'ing brew vessels.
- *Cellar operations, including:*
 - fermenter and BBT CIP, steam generator for cleaning, tank analytics for gravities/pH/flavor development, yeast counting, glycol controls, capping/chilling/dry-hopping/rousing tanks, harvesting yeast, racking into and out of barrels/foeders, adding fruit/spices to vessels and blending beer.
- *Packaging operations, including:*
 - Transferring & carbonating finished beer, checking pH/gravity/DO/CO₂, operating canning line, bottling line, keg cleaning, and filling.

Qualifications

- 2+ years brewing experience
- Post-secondary education **or** brewing-specific professional development/education

Who You Are

- Demonstrated problem solver/analytical thinker
- Resourceful with a can-do, get-it-done attitude
- Knowledge of brewing science and a passion for beer
- Ability to use sound judgment under pressure
- Pride in work and dedication to quality
- Enjoys working as part of a team

Compensation commensurate with experience and skills. Email resume and cover letter to Mark@benchbrewing.com
